

The Historians of Islamic Art Association invites proposals from junior scholars (advanced graduate students or those within 3 years of completion of the PhD) to present at its Majlis, to be held at the Middle East Studies Association Meeting, November 18-21, 2017, in Washington DC.

The HIAA Majlis, held periodically in conjunction with MESA or CAA, offers an opportunity for junior scholars in Islamic art to learn about their colleagues' work and to connect with more senior scholars. It will take the form of a panel of four papers, followed by comments from more senior colleagues and discussion.

We invite proposals for 20-minute papers on current research focused on any topic, time period or region related to Islamic art.

Proposals should be submitted by email to Amanda Phillips at [sec.hiaa@gmail.com](mailto:sec.hiaa@gmail.com) as a two-part attachment and should include:

- A cover sheet with your name, academic status, contact information (postal address, e-mail address, telephone number/s) and title of proposed presentation; and
- An abstract of no more than one page.

**Proposals are due by April 15, 2017.**

Please note that all those selected to present at the Majlis must be current members of HIAA.
